

The North Carolina Research Campus is pleased to announce the NCRC Partners Program, where companies will be identified as a Preferred Partner to the Campus. This program is designed to recognize organizations that are a valuable part of our community and can provide premium goods and services to our tenants and neighbors.

Preferred Partners of the NCRC will be identified by a prominent link off the NCRC homepage (www.ncresearchcampus.net). This page will list the Partners, a brief description of the company and services offered, a logo of the company, and a link to the company's own Web site.

The rates for an annual membership to a preferred partnership are as follows:

Preferred Partner: \$5000-\$8000/year. Benefits for this level include invitations to select Castle & Cooke-sponsored events at the NCRC, a subscription to our newsletter, and an opportunity to meet one-on-one with C&C personnel involved in program planning for the NCRC.

Exclusive Preferred Partner: \$12,000-\$17,000/year. Benefits for this level include all the basic membership rewards plus industry-specific exclusivity in the program, where the featured company would be the only one from a given industry represented on the Web site.

Each membership is renewable on an annual basis.

For more information, please contact Sheetal Ghelani (sghelani@castlecooke.com; 704-273-1218).
